the campership ministry of Lake Aurora

The importance and value of a camp experience has not diminished over the years.

Frankly, it may be more important today than ever before.

With fragmented families, financial struggles, and growing cultural opposition to Christianity, kids need this time to "step aside". The impact of a session of camp cannot be underrated. The benefits of the concentrated time of study, fellowship, positive fun, worship, mentoring, and life application without interruptions and distractions are amazing.

Dear friend of Christian camping,
In the summer of 2019 we provided more than \$10,882 in "camperships" to 72 financially distressed camper families. Without this assistance, these young people would not have been able to come to camp. This support was above and beyond "Aurora Bucks" (prorated discounts to campers coming from supporting congregations). The campership fund is exhausted, and it is evident that more campers will need assistance this summer. We are seeking contributions to replenish this fund.

The Scholarship Fund is a campership ministry of Lake Aurora. This fund will provide the much needed camperships to financially challenged campers. Your contribution will go directly toward removing the financial barrier that might otherwise prevent a young person from the spiritually beneficial experience of a session of camp at Lake Aurora.

Making a difference one life at a time is the mission of our summer camp programs. It is through these programs that campers experience the transforming love of Christ. It is our policy to not turn kids away due to finances. Encouraging families needing financial assistance is a true ministry that both the giver and receiver benefit from the experience.

Thank you for your consideration,
The Lake Aurora Staff

Summer Camp Purpose...

Making the camper aware that their whole life is lived before God and equipping them to live in harmony with the will of God by teaching them biblical principles and giving them opportunity to practice them.

This is done through a variety of programs using elements of nature, role modeling, skill development, Bible study and worship, and social and recreational interaction.
